“When I first saw Central I was so excited, but then I saw the tuition cost. I could’ve gone to a state university on full ride, but then I wouldn’t have gotten the small student-to-professor ratio and international and athletic opportunities Central provides. ... With scholarships, loans and grants, an education here is very attainable.”

"I come from a very poor background. I didn't think I could afford college. The Journey Scholarship to Central was the deciding factor. I wouldn't be where I am without Central's professional advice and support. I am so grateful I am able to follow my dreams and make my parents proud."

JACKEE JONES '20

“A big part of my success is because of the amazing support I received from people like you. Your generosity takes pressure off me and my family and allows me to focus on what I’m here for — learning and studying. I’m beyond grateful for the scholarships I have received. If I didn’t have scholarships, this wouldn’t be possible.”
